Front Loader

The AL100 SL loader is equipped with a universal quick-attach mounting system that makes attaching a bucket as simple as moving a single over-center latch. A built-in parking stand on the front-end loader provides for a quick and easy connection. This loader utilizes the tractor's hydraulic system, features single-lever control with float, and comes with a bucket level indicator.

Standard Equipment

- Telescopic Stabilizers
- Crank Adjustable Lift Link
- Creep Speed Gear
- Side Mount Hydraulic Couplers
- One Lever Joy Stick For Loader Operation
- Hydraulic Power Steering
- Rear Differential Lock
- Hydraulic Brakes
- Hand & Foot Throttles
- Adjustable Drawbar / Adjustable Seat
- Head Lights / Safety Lights
- Safety Start Switch
- Front & Rear Working Light
- Dual Remote Hyd. Valves
- Single Element Air Cleaner
- Ground PTO
- Tilt Steering Wheel
- Oil Cooler
- 4WD, Push Button Engaged for Easier Operation
- AM/FM Radio CD Player
- Power Outlet(3P) and 7 Pole Socket
- Front / Rear Wiper
- Front End Weights

Optional Equipment

- 3rd Remote Hydraulic Valve (Detent Floating Valve)

KIOTI UTILITY TRACTOR

DX7510/DX9010/DX100 *Power Shuttle*

Exceptional quality and dependability in the DX series tractors

Keep you *ahead of the pack*

Remote Hydraulic Valves

The DX series comes standard with a dual remote hydraulic valve to accommodate a wide variety of attachments and implements. DX series tractors offers up to third remote hydraulic valve as an option.

PTO

A 540 and 1,000 PTO are standard on the DX series tractors. Changing speeds is as simple as shifting a lever based. A ground speed PTO is also equipped for those special applications requiring precise travel speed.

AUTO PTO

A unique feature to the DX series tractors is Auto PTO. When the switch is on, the Auto PTO "automatically" engages and disengages the PTO according to the level of 3-point hitch. This feature is advantageous for the PTO driven implements that are frequently raised and lowered.

Deluxe Cabin

The Deluxe cabin comes standard with all the comforts of home including: front wipers, A/C and heater, auxiliary power outlet, rearview mirror, jacket hanger, ashtray and sunroof. In addition, the ergonomically designed cabin with deluxe suspension seat minimizes fatigue even after long day of work.

Telescopic CAT II Hitch

Category II 3-point hitch with standard telescopic link ends make attaching implements quicker and easier than fixed links and enhances operator's safety. The DX series come standard with telescopic stabilizers and a RH leveling box to provide operator's with a wide ranges of customizable 3-point hitch options depending on the job at hand.

Power Shuttle Transmission

The 16X16 Power Shuttle Transmission comes standard with Kioti's DX series tractors. This transmission provides easy forward and reverse operation without depressing the clutch pedal. This feature also reduces the operator's fatigue dramatically and is perfect for loader works.

Single Lever Joystick

Mid mount hydraulics and a single lever joystick for loader operations are standard on the DX series.

Fuel tank

With a 125 liter fuel tank and a fuel efficient engine, the DX series are able to work a long time between fuel breaks. A large filler neck with a wide spout is conveniently located next to the left cab steps to make re-fueling quick and easy.

Deluxe Seat

A fully adjustable, suspension seat allows the operator to ride in comfort no matter what the job may be.
