# RX6010C/RX6010PC series

### Power Shuttle Lever(RX6010PC)

The Power Shuttle Lever provides easy forward and reverse operation without stepping on a clutch pedal.

### Power & Tilt Steering wheel

The fully synchronized transmission provides smooth and easy shifting on the move. The transmission features 12 forward and 12 reverse gears to handle all kinds of jobs.

### Remote hydraulic valve

Standard dual remote hydraulic valves (3rd optional) accommodate a wide variety of attachments and implements. The Mid mount hydraulics and a single lever joystick for loader operations are standard on the RX series.

### AUTO & Hydraulic PTO

The standard rear PTO is easily engaged by the simple push of button and selecting either manual or automatic operation. For added safety, the AUTO PTO function can be selected to automatically stop the PTO when the implement is raised by the control lever; eliminating exposure to the moving parts. A safety interlock prevents engine start when the PTO switch is left on.

### Front Glass

The front glass with upgraded sealing method will grant best field vision with better noise protection.

### Luxury Cabin

The new comfortable cabin with upgraded interior will minimize operators fatigue even after long days of work.

### External Hydraulic Cylinder

The RX series tractor has two external hydraulic lift cylinders (left and right) with highest lift capacity of 2,378 kg.f among its same class level tractors providing easiest condition for the maintenance.

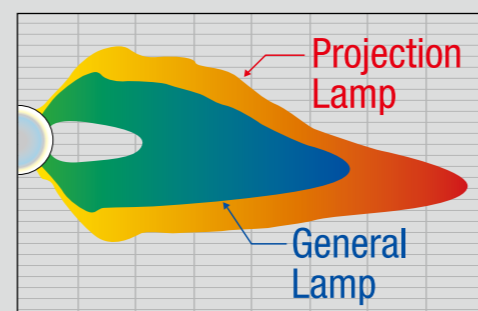

### New elegant Grill and Hood

New streamlined hood design improves visibility of the operator. The 60 degrees hood opening angle enables convenient access for better maintenance.

### Powerful Environmentally Friendly Turbo Engine

The powerful 59hp Turbo Engine will offer operator quietest, smoothest but most powerful working condition.

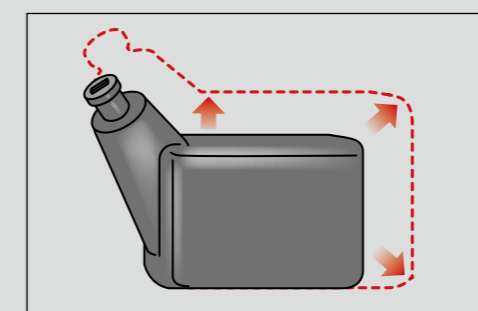

### New Projection Head lamp

With the new projection headlamp and working lamp, the operator will experience safer and easier operation in the dark operating condition.

### Hydraulic 4WD

Front wheel driving is easily engaged by hydraulic clutch.

### Fuel Tank(90ℓ)

Thanks to 90 liter fuel tank, which allows to work enough hours without frequent re-fueling.
